

63.3cc Gasoline Brush Cutter with 28mm Aluminum Pipe

This brush cutter is equipped with a 63.3cc engine and has a discharging capacity of 63.3cc. It delivers a standard power of 2.2kW at 6500 r/min.

Product Overview

High-Efficiency Brush Cutter

This 63.3cc gasoline brush cutter is engineered for demanding landscaping and vegetation control tasks, offering a robust balance of power and efficiency. Designed with a 28mm aluminum pipe for structural integrity, it provides reliable performance for professional use. Its optimized fuel consumption and high-output engine ensure consistent productivity throughout long work sessions.

Engine Performance

Standard Power

2.2 kW

Power Output

6500 r/min

Rated Speed

Displacement	63.3 cc
Engine Model	1E48F

Technical Specifications

Carburetor Type	Diaphragm
Mixed Fuel Ratio	25:1
Fuel Tank Capacity	1.3 L

Construction

Weight Specifications

Type	Weight
Net Weight	12 kg
Gross Weight	13 kg

Aluminum Pipe Diameter	28 mm
