Overview

Reliable 6.5 HP Horizontal Gasoline Engine

This 196cc horizontal gasoline engine delivers 6.5 horsepower, making it a versatile power source for a wide array of equipment including generators, water pumps, and small machinery. Engineered for durability and efficiency, it features a 4-stroke, air-cooled design that ensures consistent performance in demanding conditions. Its compact horizontal shaft configuration allows for easy integration into various industrial and home applications.

Engine Details

Feature	Specification
Stroke	4 Stroke
Cylinder Type	Single Cylinder
Cooling System	Air-cooled
Ignition Type	T.C.I
Bore x Stroke	68 x 54 mm

Operation & Maintenance

Operating Specifications

- Starting Mode: Hand/Electric Start
- Fuel Tank Capacity: 4 L
- Oil Capacity: 0.6 L
- Rated Service Power: 6.0 KW

Physical Attributes

Dimensions & Weight

- Dimensions (L*W*H): 405*380*375 mm
- Weight: 17 kg
- Color: Asia black and orange

Compliance & Support

Applicable Industries

Building Material Shops • Manufacturing Plant • Machinery Repair Shops • Farms

Warranty Terms

1 Year Warranty, 1 Year Core Components Warranty
