

# 65 HP Farm Tractor

This farm tractor is designed for a variety of agricultural tasks such as plowing, tilling, and hauling. It features a durable transmission system and a hydraulic system for efficient operation of implements.

## ADDITIONAL IMAGES

## Overview

### High-Efficiency Farm Tractor

This 65 HP farm tractor is designed to deliver superior power and economic efficiency for a wide range of agricultural operations. Equipped with a versatile 12F+12R gearbox and hydraulic power steering, it offers exceptional maneuverability and ease of control for diverse farming tasks. The machine features a durable water-cooled engine and robust construction, making it an ideal workhorse for demanding fieldwork environments.

## Performance

### Engine Power

**47.8 kw**

Rated Power

### Engine Configuration

Water-cooled, In-line, Four stroke, Direct injection

## Dimensions

### Dimensions

3980 x 1635 x 2400 mm

### Minimum Ground Clearance

325 mm

## Transmission

### Gearbox

12 Forward + 12 Reverse

### PTO Shaft Speed

540/760 r/min

## Equipment

### Compatible Implements

- Front end loader
- Backhoe
- Hydraulic disc harrow
- Disc plough
- Mower
- Wood chipper
- Round hay baler
- Trailer

### Comfort and Utility Features

Shuttle shift • Spring seat • ROPS • Canopy • Cabin with Heater/AC
