

# 650W Portable Gasoline Generator

This 650W generator features a 2-stroke, 63CC engine with recoil start and transistorized ignition. It is ideal for camping and powering small-scale household appliances.

## ADDITIONAL IMAGES

## Overview

### Portable Power Solution

This compact 650W portable gasoline generator is engineered for versatility and reliability in various settings, from outdoor recreational activities to emergency backup power. Featuring a 2-stroke engine and a lightweight design, it provides an efficient power source that is easy to transport and operate. The unit includes essential monitoring tools like a voltmeter and DC output, ensuring users can safely power small appliances and electronics.

## Performance Metrics

### Key Performance Indicators

**0.65 kW**  
Rated Output

**0.8 kW**  
Max Output

**57 dB(A)**  
Noise Level

## Electrical Specifications

### Electrical Data

Parameter	Value
Rated Frequency	50 / 60 Hz
Rated Voltage	230 / 120 V
DC Output	12V 8A
Power Factor	1
Phase	Single phase

## Engine Details

Engine Model	ZH60
Engine Type	2-stroke
Displacement	63 cc
Compression Ratio	8.5:1
Starting System	Recoil starter

## Physical Characteristics

Dimensions (L x W x H)	370x330x330 mm
Weight (Net/Gross)	18/20 kg
Fuel Tank Capacity	4 L

## Certifications

Compliance	CE Certified
