

6.5kW Portable Gasoline Generator with Electric Start

This gasoline generator provides a rated output of 6000 watts at 220V and 50Hz. It delivers a peak output of 6500 watts for 10 seconds to start larger equipment.

Product Overview

Reliable Portable Power

This 6.5kW portable gasoline generator is engineered to provide a stable and robust power source for both professional job sites and emergency home backup. Featuring a powerful 420cc engine with both electric and recoil start options, it ensures dependable operation when grid power is unavailable. The unit is designed for mobility and ease of use, equipped with an integrated wheel kit and handle for effortless transport.

Engine & Performance

Engine Model	GX420E
Displacement	420 cc
Starting System	Electric Start, Recoil Start

Power Output

AC Output Performance

6500 W
Max Power

6000 W
Rated Power

29.5 A
Max Current

DC Output	12V 8.3A (100W)
Voltage Regulation	220V

Operation & Fuel

Run Time Estimates

Load Level	Duration
Rated Load	6.5 hrs
1/2 Load	10 hrs

Fuel Tank Capacity	25 L
