Overview

Reliable Power, Ultra-Silent Operation

This 6.5kW ultra-silent diesel generator is engineered for dependable power generation in noise-sensitive environments. Featuring an air-cooled diesel engine and robust soundproof casing, it provides stable performance for both residential and commercial applications. Designed for maximum usability, the unit includes universal wheels for easy portability and a simplified control panel for straightforward maintenance and operation.

Performance & Output

Rated Power Output

6.5 kW

Rated Power

Voltage Output	230V AC, 12V DC
Frequency	50 Hz
DC Output Current	8.3 A

Design & Features

Mobility Features

- 4 Universal wheels
- Durable frame

Cooling System	Air-cooled
Portability	Yes

Maintenance & Safety

Safety Features

Oil Alert System • Circuit Breaker • Voltage Regulator

Control Panel Components

- Volt meter
- Starter switch
- AC/DC Outlets

Maintenance Access

Large service doors for easy access
