Product Overview

Versatile 15-in-1 Cooking Solution

This advanced kitchen appliance seamlessly combines the functionality of an air fryer and a pressure cooker into one compact unit. Featuring a generous 6.5QT capacity, it is designed to handle family-sized meals while utilizing a 3D air heating system and an upgraded heating element for rapid, even cooking results. With its dual-lid design and intuitive digital interface, this unit offers a healthier, oil-free cooking method for a wide range of culinary applications.
