Product Overview

High-Efficiency Lithium-Ion Charger

This S120 series battery charger is engineered for reliable and safe charging of Lithium-ion battery packs. Featuring a robust aluminium alloy housing, it is optimized for high-performance applications including electric bikes, scooters, and motorcycles. The unit delivers precise power output with built-in safety mechanisms to ensure longevity and stability for your battery systems.

Technical Specifications

Output Power

134.4 W
Total Power

67.2 V
Output Voltage

2 A
Output Current

Input Voltage Range: 110-132VAC / 200-264VAC

Cells in Series: 16

Physical Characteristics

Dimensions: 137 x 90 x 51 mm

Net Weight: 0.8 kg

Housing Material: Aluminium Alloy

Compliance & Support

Certifications: CE

Warranty Period: 12 Months

Application

Compatible Applications

- Electric Bike
- Electric Motorcycle
- Electric Scooter
- Cleaning Equipment
- Golf Cart
