Overview

Reliable Power for Electric Mobility

This high-performance battery charger is engineered for efficient power delivery to electric motorcycles, scooters, and e-bikes. Designed with a robust aluminium alloy casing, it provides versatile charging support for lithium-ion, LiFePO4, and lead-acid battery systems. With a 300W output and smart LED status indicators, it ensures safe and consistent performance for your electric vehicle fleet.

Technical Specifications

Output Performance

300 W

Output Power

67.2 V

Output Voltage

3 A

Output Current

Input Voltage Range

110-132VAC / 200-264VAC

Supported Battery Types

Li-ion, LiFePO4, Lead Acid

Physical & Build

Dimensions

137 x 90 x 51 mm

Net Weight

1 kg

Casing Material

Aluminium Alloy

Features & Safety

LED Status Indicators

Status	Indicator
No Battery Connected	Green Flashing
Charging	Red Light
Fully Charged	Green Light
Error/Alarm	Red Flashing

Certifications

CE

Compatible Applications

- Electric Motorcycle
- Electric Scooter
- E-bike

Warranty

12 Months
