

69 HP Skid Steer Loader with 2300 lb Operating Capacity

This skid steer loader has a 2,300 lbs operating capacity and a net power of 69 hp at 2,400rpm. It features a Tier 4 Final emission rating.

Overview

High-Performance Skid Steer Loader

This compact skid steer loader is engineered for high performance and reliability in demanding construction environments. With a robust 69 horsepower engine and a substantial 2,300 lb operating capacity, it offers exceptional material handling capabilities. Its durable design and efficient power output make it an ideal choice for operators seeking a balance of maneuverability and heavy-duty productivity.
