

6BT Diesel Engine Piston

This piston is designed for 6BT diesel engines. It is a crucial component that ensures optimal engine performance and durability.

Product Overview

High-Performance 6BT Diesel Engine Piston

This high-quality piston is precision-engineered specifically for 6BT diesel engines, serving as a critical component for maintaining optimal engine performance and durability. Designed to meet or exceed OEM specifications, it features robust construction capable of withstanding high combustion pressures and temperatures. The design includes meticulously machined ring grooves to ensure efficient sealing and superior oil control, making it an ideal choice for both automotive and industrial applications.

Technical Details

Component Markings

- FRONT
- 170520
- 6631

Part Number

3926631

Engine Compatibility

6BT, A2300, B3.3, ISF2.8, ISF3.8, 4BT, 6CT, 6L, ISBE, ISCE, ISDE, ISLE, QSB 5.9, QSB6.7, NT855, K19, K38, K50, M11, QSM11, N14, L10, ISX15, QST30, QSK23, QSK60, VTA28
