Product Overview

Precision-Engineered Cylinder Liner

This high-quality cylinder liner is specifically designed for 6CT diesel engines, playing a critical role in maintaining optimal engine performance and longevity. It is precision-manufactured to ensure proper sealing and efficient heat dissipation within the engine cylinder. Built with durable materials, this component is engineered to withstand high temperatures and pressures, providing reliable operation under demanding industrial and automotive conditions.

Technical Specifications

Part Number	3800328
Compatible Engine Model	6CT

Applications

Suitable Applications	Bus, Truck, Bulldozer, Excavator, Generator, Tractor, Marine Engine, Construction Machinery
