Product Overview

High-Performance Office Power Protection

This high-frequency online Uninterruptible Power Supply (UPS) is engineered to provide reliable power protection for critical office equipment. By ensuring seamless power transfer during outages and voltage fluctuations, it prevents data loss and hardware damage while maintaining continuous uptime. The unit features a user-friendly interface, remote management capabilities, and quiet operation, making it an ideal solution for maintaining productivity in professional environments.

Power & Performance

Capacity

6 kVA

Capacity

UPS Type: High Frequency Online

Operating Noise: < 40dB

Connectivity & Interface

Maintenance Features

Bypass Maintenance Switch

Display: LCD Display

Connectivity: USB, RS232, SNMP Expansion

Physical & Design

Cooling System	Yes
Mobility	Universal Casters
Certifications	CE
