Overview

High-Performance 6kW Portable Power Solution

The BS7500 is a robust and reliable gasoline generator designed to provide stable power for demanding professional and industrial applications. Featuring a powerful 420cc OHV engine and a 25L fuel tank, it offers up to 8 hours of continuous operation. With integrated AVR technology and dual starting systems, this open-frame generator ensures consistent performance and ease of use in diverse environments.

Performance Highlights

Performance Metrics

6.5 kW

Maximum Power

27.2 A

Rated Current

25 L

Fuel Capacity

8 h

Running Time

Engine Specifications

Engine Details

Feature	Specification
Engine Type	Single cylinder, 4-stroke, forced air cooling, OHV
Displacement	420cc
Oil Capacity	1.1L
Speed	3000/3600 rpm

Electrical Output

Rated Voltage

- 110V
- 220V
- 380V

Frequency

50Hz, 60Hz

Features & Safety

Starting System

- Recoil Start
- Electric Start (Battery Included)

Safety & Control

AVR Technology • Circuit Breaker • Voltmeter • Open Frame Design

Physical Dimensions

Dimensions (L*W*H)

700 x 540 x 580 mm

Net Weight

78 kg

Compliance & Warranty

Certifications

CE, Euro-V
