

6x4 Tipper Truck

The 6x4 tipper truck is a heavy-duty vehicle designed for transporting bulk materials such as gravel, sand, and construction debris. It features a robust chassis, a powerful engine, and a durable tipping mechanism for efficient unloading.

Overview

Heavy-Duty 6x4 Tipper Truck

The 6x4 series tipper is a heavy-duty vehicle engineered for the efficient transport of bulk materials like gravel, sand, and construction debris. Featuring a robust chassis and powerful engine, this truck is designed to withstand demanding work environments. Its 6x4 configuration ensures four-wheel drive traction, providing stability and reliability across diverse terrains such as construction sites and mining operations.

Technical Specifications

Drive Configuration	6x4 (Six wheels, four driven)
Key Features	Reinforced Cargo Bed, Hydraulic Lifting System, Heavy-Duty Chassis

Applications

Suitable Industries

- Construction
- Mining
- Bulk Material Transport
