## Product Overview

### High-Performance 7 1/4" Circular Saw

This 7 1/4" electric circular saw is engineered for precision and power, featuring a robust 1400W motor capable of handling demanding cutting tasks. Designed for versatility, it offers adjustable cutting depths and bevel angles to accommodate a wide range of professional and DIY woodworking applications. Its durable construction ensures long-lasting reliability on the job site, while the ergonomic design provides the control needed for clean, efficient cuts.

## Technical Specifications

|                       |                    |
|-----------------------|--------------------|
| Input Power           | 1400 W             |
| No-Load Speed         | 5300 rpm           |
| Blade Diameter        | 185 mm             |
| Voltage Compatibility | 110-120V, 220-240V |
| Frequency             | 50/60Hz            |

## Performance Metrics

### Cutting Capacity

| Angle | Max Depth |
|-------|-----------|
| 90°   | 62.5 mm   |
| 45°   | 44 mm     |

### Motor Power

|                              |                          |
