

7-Inch Black and White Portable Television

This compact television features a 7-inch black and white screen. It includes rotary knobs for volume and channel selection, along with a carrying handle for portability.

Product Overview

Compact B/W Television with Integrated Radio

The CR707 is a versatile 7-inch black and white CRT television designed for portability and reliability. Featuring integrated AM/FM radio capabilities and full UHF/VHF channel coverage, it serves as a practical solution for basic viewing and listening needs. Its robust design, complete with a convenient carrying handle and multiple power source options, makes it an ideal choice for mobile or off-grid environments.
