

7-Inch Grinding Wheel with 1-1/4 Inch Arbor

This grinding wheel has a 7-inch outer diameter, 1/2 inch thickness, and 1-1/4 inch inner diameter. It features a 32A80F abrasive, making it suitable for diverse grinding tasks.

Product Overview

High-Performance Grinding Solution

This 7-inch grinding wheel is engineered for effective material removal and rough grinding tasks. Constructed from durable aluminum oxide, it is optimized for working with ordinary steel, carbon steel, malleable cast iron, and hard bronze. Its robust design ensures consistent performance in demanding industrial and workshop environments.

Technical Dimensions

Outer Diameter	7 inches
Thickness	0.5 inches
Arbor Size	1.25 inches

Material & Performance

Abrasive Material	Aluminum Oxide
Abrasive Grade	32A80F
Compatible Materials	Carbon Steel, Ordinary Steel, Malleable Cast Iron, Hard Bronze
