

7-Inch Grinding Wheel with Integrated Hub

This grinding wheel has a 7-inch diameter and an integrated hub. It is designed for use with angle grinders in metal grinding and surface preparation applications.

Product Overview

Professional Grade Grinding Wheel

This 7-inch grinding wheel features an integrated hub design, engineered for heavy-duty metal grinding and surface preparation tasks. It is optimized for use with standard angle grinders, ensuring stability and efficient material removal. Built to rigorous safety standards, it supports high-speed operation while maintaining consistent performance.

Technical Specifications

Dimensions	7" x 1/4" x 5/8"
Maximum RPM	8600 RPM
Maximum Operating Speed	80 m/s
Key Features	Integrated Hub, Metal Grinding, Surface Preparation
