

# 7-Inch LCD GPS Navigation System with Multimedia Playback

This 7-inch GPS navigation system provides turn-by-turn directions with a clear visual display. Features include distance to destination, estimated time of arrival, and simulated route previews.

## Overview

### Professional 7-Inch Navigation System

This 7-inch LCD GPS navigation system is designed for reliable, turn-by-turn vehicle guidance. Featuring a high-definition 800x480 touchscreen, it offers intuitive route planning with real-time ETA and distance tracking. The device also includes multimedia playback capabilities, supporting various audio, video, and e-book formats, making it a versatile tool for both navigation and in-car entertainment.

## Hardware Specifications

### Memory Capacity

<b>4 GB</b> Internal Flash	<b>128 MB</b> SDRAM
