

7-Inch LCD Video Monitor

This 7-inch LCD video monitor is designed for security and surveillance applications. It features a high-resolution display for clear video playback and multiple video inputs for versatile connectivity.

Overview

Professional 7-Inch LCD Monitor

This 7-inch LCD video monitor is engineered for reliable performance in security, surveillance, and vehicle monitoring applications. Featuring a crisp 1024 x 600 resolution and an adaptable 9-36V DC power range, it is built to withstand demanding environments with an operating temperature range of -20°C to 50°C. Its compact 173 x 113 x 28mm dimensions and versatile stand mounting make it an ideal choice for integrated CCTV and industrial display systems.

Display Performance

Luminance

500 cd/m2
