

7 x 1/4 x 7/8 Depressed Center Grinding Wheel

This depressed center grinding wheel measures 7 x 1/4 x 7/8 inches. It is suitable for grinding, blending, and finishing on various metals.

Product Overview

High-Performance Grinding Solution

This T27 depressed center grinding wheel is engineered for aggressive material removal and long-lasting performance on a variety of surfaces. It is suitable for grinding grey cast iron, metal, non-ferrous alloys, concrete, and natural materials. Designed for professional use, it excels in tasks such as cleaning switchboards and chamfering edges, offering a sharp cutting action and high safety standards.

Technical Specifications

Abrasive Grade	A / WA
Wheel Type	T27 Depressed Center
Compatible Materials	Metal, Non-ferrous metals, Non-ferrous alloys, Concrete, Natural materials, Grey cast iron
