

# 7 x 1/8 x 7/8 Inch Abrasive Grinding Wheel

This is a type 27 abrasive grinding wheel. It measures 7 inches in diameter, 1/8 inch thick, with a 7/8 inch arbor.

## Product Overview

### Professional Grade T27 Grinding Wheel

This T27 DC angle grinding wheel is engineered for high-performance material removal on metal and non-ferrous surfaces. It offers an excellent balance of cost-effectiveness, safety, and durability, making it suitable for demanding tasks like grinding grey cast iron, cleaning switchboards, and chamfering edges. Designed with high-quality abrasive materials, this wheel ensures sharp, efficient grinding performance across various industrial applications.

## Technical Specifications

Wheel Type	T27 DC Angle Grinding Wheel
Compatible Materials	Metal, Non-ferrous Metals, Non-ferrous Alloys, Concrete, Grey Cast Iron
Abrasive Grade	1 A/WA

## Available Sizes
