

7.0 KG Capacity Top-Loading Washing Machine

This top-loading washing machine has a 7.0 KG capacity. It is designed for efficient laundry cleaning with multiple wash cycles and water level settings.

Product Overview

Efficiency Meets Compact Design

This 7.0 kg capacity top-loading washing machine is engineered to provide efficient and reliable laundry care for professional settings. Featuring a robust motor and intuitive controls, it allows for versatile wash cycles suitable for various fabric types. Its compact footprint makes it an ideal solution for smaller laundry areas without compromising on cleaning performance.
