Product Overview

High-Efficiency 71.4V E-Mobility Charger

This professional-grade 107.1W lithium-ion battery charger is engineered specifically for 17S battery configurations, making it an ideal power solution for electric bikes, motorcycles, and scooters. Featuring a robust aluminium alloy housing and a reliable 1.5A output, it ensures consistent performance while maintaining high safety standards. Designed for global versatility, it supports a wide input voltage range to accommodate various regional power grids.

Technical Specifications

Output Power

107.1 W

Power Rating

71.4 V

Output Voltage

1.5 A

Output Current

Input Voltage Range

110-132VAC / 200-264VAC

Compatible Battery

17S Li-ion

Physical Properties

Dimensions

137 x 90 x 51 mm

Net Weight

0.8 KG

Housing Material

Aluminium Alloy

Compliance & Warranty

Safety Standards

CE

Warranty

12 Months

Applications

Suitable For

- Electric Bike
- Motorcycle
- Scooter
- Cleaner
- Golf Cart
