Overview

High-Performance Li-ion Charger

This 1071W battery charger is engineered for reliable performance with Lithium-Ion battery packs, making it an ideal power solution for e-bikes, electric motorcycles, scooters, and golf carts. Built with a durable aluminium alloy shell, it ensures efficient operation and protection during the charging process. The unit supports a wide input voltage range and offers customizable AC and DC plug configurations to suit specific regional and equipment requirements.

Technical Specifications

Key Performance Metrics

1071 W

Output Power

15 A

Output Current

71.4 V

Output Voltage

Input Voltage Range 110-132VAC / 200-264VAC

Compatible Battery Type Li-ion (17S)

Physical Attributes

Dimensions 264 x 120 x 89 mm

Net Weight 2.1 KG

Shell Material Aluminium Alloy

Compliance & Support

Certifications CE

Warranty 12 Months

Applications

Suitable Applications

- Electric Bike
- Electric Motorcycle
- Scooter
- Cleaning Equipment
- Golf Cart
- General Electric Vehicles
