Product Overview

Versatile 720p HD Action Camera

This compact and rugged action camera is designed for high-definition video recording in diverse environments, from motocross tracks to underwater depths. Featuring a 2.0-inch touch screen for intuitive navigation, it eliminates the need for complex button sequences. With its IPX8 waterproof rating and a suite of versatile mounts, it is an ideal solution for B2B buyers looking for a reliable, entry-level sports DV for outdoor and aquatic activities.
