Overview

High-Performance 7.5 HP Gasoline Engine

This robust 7.5 HP gasoline engine is engineered for reliability and consistent performance in demanding environments. Featuring a 4-stroke, OHV, single-cylinder air-cooled design, it is an ideal power source for generators, water pumps, and various industrial machinery. With safety features like an automatic low-oil shutdown system and international certifications, this engine offers both efficiency and peace of mind for professional applications.

Technical Specifications

Rated Power

7.5 HP

Rated Power

Starting Options

- Recoil Start
- Electric Start

Engine Configuration

4-stroke, OHV (Overhead Valve), Single Cylinder, Air-cooled

Safety & Compliance

Safety Features

Oil Alert System • Automatic Shutdown

Certifications

CE, EURO V, EPA, ISO 9001:2015

Service & Warranty

Warranty	2 years or 600 continuous working hours
Quality Assurance	Yes
OEM Availability	Yes
