

75L Wet and Dry Vacuum Cleaner with Dual 1200W Motors

This wet and dry vacuum cleaner has a 75L capacity and is equipped with two 1200W motors. It is designed for both wet and dry cleaning tasks and features a stainless steel tank for durability.

Overview

High-Capacity Professional Cleaning Solution

This 75L wet and dry vacuum cleaner is engineered for demanding commercial and industrial environments. Powered by dual 1200W motors, it delivers exceptional suction performance across both liquid and solid waste. The large-capacity metal bucket ensures extended runtimes, while the comprehensive accessory kit provides versatility for various surfaces and hard-to-reach areas.
