

7kW Low Noise Inverter Generator

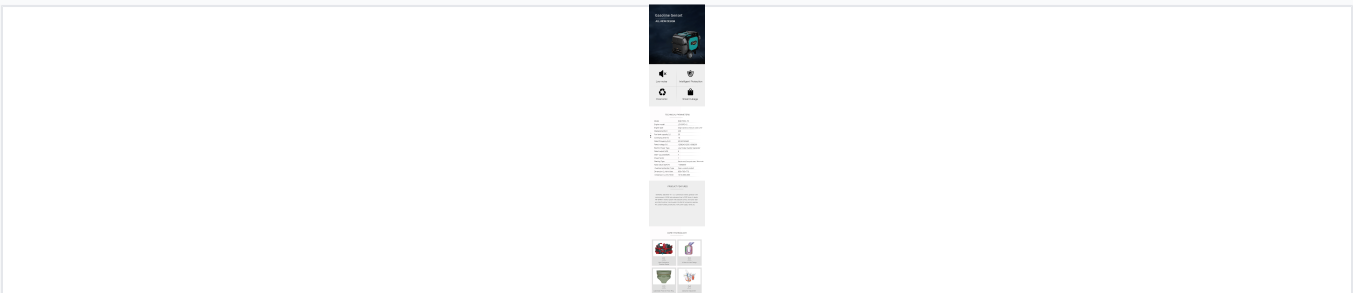

This 7kW inverter generator is designed for low-noise operation and commercial use. It utilizes inverter technology to provide clean, stable power suitable for sensitive electronics.

Overview

Technical parameter summary and core technology highlights for the 7kW inverter unit.

Commercial Inverter Generator

This high-performance commercial inverter generator delivers a rated power output of 6kW with a start-up peak of 7kW. Engineered for quiet operation at 59dB(A), it is perfectly suited for noise-sensitive environments like residential areas and outdoor events. The unit utilizes advanced FM-SPWM IV inverter technology to provide clean, stable power essential for sensitive electronics.

Ideal Applications

Commercial • Camping • RV • Building Construction • Rental

Performance Metrics

Key Performance Indicators

6 kW Rated Output	7 kW Start-up Power	59 dB(A) Noise Level (at 7m)	25 L Fuel Tank Capacity

Engine Specifications

Engine Technical Data

Parameter	Value
Engine Model	LC190FD-2
Type	4-stroke, Air-cooled OHV
Displacement	420cc
Starting Methods	Recoil/One-push/Bluetooth

Technical Specifications

Power and Electrical

- Rated Frequency: 50/60 Hz
- Voltage Options: 120/240/230/100/200V
- Power Factor: 1
- Protection: Over-current protection

Core Technologies

FM-SPWM IV Inverter, Bluetooth Control, New Combustion Chamber, All-new Air Vent Design, Lightweight Piston
