

8-15 HP Walking Tractor

This walking tractor features an 8-15 horsepower engine and is designed for various farming tasks. It is equipped with heavy-duty tires for optimal traction and stability on different terrains.

Overview

Versatile Agricultural Power

The GF61 walking tractor is a versatile agricultural machine designed for various farming tasks, including tilling, plowing, and harrowing. It features a robust 8-15 horsepower water-cooled diesel engine, providing reliable performance in demanding field conditions. With adjustable handles and heavy-duty tires, this tractor offers precise control and optimal stability on diverse terrains, making it an efficient solution for small to medium-sized farms.

Technical Specifications

Rated Power	5.88 kW
Engine Type	Water-cooled diesel engine
Calibration Speed	2200 r/min
Rated Traction	1150 N
Fuel Consumption	278.8 g/kW·h

Physical Dimensions

Total Mass	213 kg
Dimensions (L x W x H)	2320 x 860 x 1120 mm
Tire Specifications	6.00-12 rubber tire

Mechanical Components

Key Mechanical Systems

- Three-speed transmission
- Single function dry clutch
- Constant friction clutch
- Straight tooth cylindrical gear box
- Shoe brake
