

# 8-Inch Soft Blade Table Fan

This soft blade fan provides focused airflow for personal cooling. Its safety-focused design includes a protective cage and soft fan blades.

## Product Overview

### Compact Desktop Cooling

This 8-inch table fan combines a modern design with a unique soft blade system, ensuring powerful airflow while remaining safe to the touch. Engineered for quiet operation and efficiency, it serves as an ideal desktop cooling companion for office or home environments. The smart safety motor provides reliable performance, making it a versatile choice for various international markets.

## Technical Specifications

### Voltage Options

- 230V/50Hz
- 120V/60Hz

Blade Size	8 inch
Power Consumption	25 W

## Features & Benefits

### Key Features

Soft Blades • Safe to Touch • Smart Safety Motor • Quiet Operation • Modern Design

## Certifications

Compliance	ETL, CE, RoHS
