Overview

Reliable 8kW Portable Power Solution

This 8kW portable gasoline generator is designed for versatile power generation in residential and commercial settings. Featuring a robust open-frame design, it provides a stable power supply for home backup, construction sites, and outdoor events. With both recoil and electric start options, the unit ensures dependable performance and ease of operation under various conditions.

Warranty

3 months to 1 year

Engine Specifications

Engine Details

Feature	Specification
Engine Type	Single cylinder, 4-stroke, Forced air cooling, OHV
Displacement	460 cc
Oil Capacity	1.1 L
Starting System	Recoil / Electric Start

Electrical Output

Rated Voltage	110V, 220V, 380V
Frequency	50Hz, 60Hz

Physical Characteristics

Fuel Tank Capacity	25 L
Dimensions (L*W*H)	700 x 540 x 580 mm
Net Weight	88 kg
Frame Type	Open frame

Safety & Compliance

Certifications

CE

Integrated Safety Features

- Automatic Voltage Regulator (AVR)
- Circuit Breaker Protection
- Low Oil Shutdown
- Overload Protection
