

8-Ton Forklift Truck

This 8-ton forklift truck is designed for heavy-duty material handling. It features a high-visibility mast and ergonomic design for operator comfort and safety.

Overview

Heavy-Duty Performance

The CPCD80-2 is a robust 8-ton forklift truck engineered for demanding material handling applications. Designed for reliability in warehouses, construction sites, and manufacturing facilities, it combines a powerful engine with a stable chassis for consistent performance. Its ergonomic design and high-visibility mast prioritize operator comfort and safety during extended shifts.

Technical Specifications

Lifting Capacity	8 ton
