

800W 200mm Power Saw with Angle Adjustment

This power saw is equipped with an 800W motor and is rated IP54 for protection against dust and splashing water. It allows for angle adjustments from 0° to 45° and is designed for making straight and 45/90 degree angle cuts.

Overview

Precision Power Saw

This high-performance 800W power saw is designed for precision cutting tasks, offering versatile angle adjustments from 0° to 45°. Built for durability and reliability, it features an IP54 rating for protection against dust and splashing water. Its robust design makes it an ideal solution for professional workshops requiring consistent, straight, and angled cuts.
