

800W Angle Grinder for Cutting and Grinding

This angle grinder is a versatile power tool designed for grinding, cutting, and polishing various materials. It features a powerful 800W motor, providing ample power for demanding applications.

Product Overview

Professional 800W Angle Grinder

This versatile 800W angle grinder is engineered for demanding cutting, grinding, and polishing tasks across various materials. Designed with an ergonomic focus, it provides the precise control and comfortable handling necessary for consistent results in metalworking and construction environments. The unit includes a durable grinding wheel and an integrated safety guard to ensure reliable performance and operator protection.

Technical Specifications

Rated Power

800 W

Motor Power

Primary Applications

Metalworking, Construction, Cutting, Grinding, Polishing

Features

Safety Equipment

- Integrated safety guard
- Durable grinding wheel
