

80x80x10mm Hard Disk Player Cooling Fan

This cooling fan is designed for use with hard disk players. It features a square frame with dimensions of 80x80x10mm and is a spare part for computer systems.

Product Overview

Efficient Cooling Solution

This 80x80x10mm cooling fan is specifically engineered for hard disk players and computer systems. Designed to promote efficient airflow and thermal dissipation, this component helps maintain optimal operating temperatures for sensitive hardware. Its compact form factor makes it an ideal spare part for maintaining system longevity and performance.
