

82mm Electric Wood Planer 700W

This electric planer is ideal for smoothing and flattening wood surfaces. It features a 700W motor that delivers a no-load speed of 16000r/min, with a maximum cutting width of 82mm and a maximum cutting depth of 2mm.

Product Overview

Professional Woodworking Performance

The 82mm Electric Wood Planer is a versatile power tool engineered for precision woodworking tasks, including smoothing, flattening, and thickness adjustment. Driven by a robust 700W motor, it delivers consistent material removal for both professional and DIY applications. Its durable construction ensures reliable performance, while the adjustable depth settings allow for accurate results on various wood surfaces.

Technical Specifications

Input Power

700 W

Input Power

Voltage	220V-240V
Frequency	50Hz
No Load Speed	16000 r/min

Performance Capabilities

Max Cutter Width	82 mm
Max Cut Depth	2 mm

Physical Attributes

Weight	2.6 kg
