Overview

Versatile 8.3m Rigid Inflatable Boat

This 8.3-meter Rigid Inflatable Boat (RIB) is designed for a balance of high-performance speed and exceptional stability. Featuring a robust rigid hull combined with durable inflatable tubes, it offers superior buoyancy and shock absorption for a smooth ride. Whether utilized as a professional yacht tender, a fishing vessel, or for recreational power boating, this craft provides the safety and maneuverability required for diverse water environments.

Dimensions

Key Dimensions

Measurement	Value
Full Length	8.3m
Inside Length	8.1m
Full Width	3.0m
Inside Width	1.7m

Performance & Capacity

Performance Metrics

20 people

Max Passengers

2300 kg

Max Loading

400 HP

Max Horsepower

Engine Recommendation

300/400 HP

Construction

Air Chambers	8
Tube Diameter	55-60cm

Certifications & Usage

Certifications CE Certified	
Ideal Applications	Yacht Tender, Fishing, Recreational, Power Boat
