Product Overview

High-Performance Power Solution

This 84V Lithium-ion battery pack is engineered to deliver reliable, long-lasting power for demanding outdoor equipment. Designed for compatibility with various cordless power tools including lawn mowers, trimmers, and blowers, it ensures extended runtime and efficient operation. Integrated safety features and real-time power monitoring make this a durable and dependable choice for professional landscape maintenance.

Technical Specifications

Nominal Voltage	84 V
Battery Technology	Lithium-ion

Safety & Monitoring

Integrated Safety Protections	Overcharge Protection, Over-discharge Protection, Thermal Protection
Power Monitoring	Yes

Compatibility

Compatible Equipment

- Lawn mowers
- Trimmers
- Blowers
- Chainsaws
- Hedge trimmers

Design & Utility

Design Features

Quick Install • Easy Removal • Robust Construction
