

# 84V Lithium Brushless Cordless Chainsaw

This cordless chainsaw features a brushless motor for enhanced performance and extended lifespan. Powered by an 84V lithium battery, it delivers ample power for various cutting tasks.

## ADDITIONAL IMAGES

## Product Overview

### High-Performance Cordless Power

This 84V brushless chainsaw offers professional-grade cutting power for demanding wood-cutting tasks. Equipped with a high-capacity 2.5Ah Samsung cell battery, it provides reliable cordless operation and long-lasting runtime. The integration of a brushless motor and premium Oregon bar and chain ensures high efficiency, durability, and smooth performance for both professional and heavy-duty home applications.

## Technical Specifications

### Performance Metrics

**84 V**

Voltage

**7500 rpm**

No-Load Speed

**14 m/s**

Chain Speed

### Motor Technology

Brushless

## Cutting System

### Bar Length

18 in

### Max Cutting Length

450 mm

### Chain Specifications

0.05 Gauge, 3/8 Pitch, Oregon Double Guard

## Maintenance & Capacity

### Battery System

- 84V DC
- 2.5Ah Capacity
- Samsung Cells

### Oil Tank Capacity

100 ml

### Oiler System

Automatic
