

# 850W Portable Gasoline Generator

This gasoline generator has a rated output of 850 watts at 220V and 50Hz. It can provide 1000 watts of peak output for 10 seconds to start larger equipment.

## Overview

### Portable Power Solution

This 850W portable gasoline generator is designed to provide reliable power for various applications, ranging from backup power during outages to powering tools at construction sites. Featuring a robust 87.5cc engine and a durable frame, it offers a balance of performance and portability. With a 5L fuel tank, it delivers extended run times, making it an efficient choice for both recreational and professional use.

## Engine & Performance

Engine Model	GX90
Displacement	87.5 cc
Noise Level	68 dB(A)

## Power Output

### Key Power Metrics

<b>1000 W</b> Max AC Output	<b>850 W</b> Rated AC Output	<b>100 W</b> DC Output
--------------------------------	---------------------------------	---------------------------

### Electrical Details

Parameter	Value
AC Voltage	220V
AC Rated Current	3.9A
DC Output	12V 8.3A
Frequency	50Hz

## Operation & Fuel

### Run Time

- 9.7 hours at rated load
- 15 hours at 1/2 load

Fuel Tank Capacity	5 L
Starting System	Recoil

## Physical Characteristics

### Weight

**25 kg**

Dry Weight

**27 kg**

Gross Weight

Dimensions (L x W x H)

457 x 363 x 390 mm

## Logistics

Container Load (20'/40')

480 / 990 units
