

8.5kW Soundproof Diesel Generator

The 8.5kW water-cooled diesel generator offers reliable power generation with a focus on quiet operation. Its soundproof design minimizes noise, making it suitable for environments where noise levels are a concern.

Overview

High-Performance Silent Power

This 8.5kW water-cooled diesel generator is engineered for heavy-duty applications that demand both reliability and quiet operation. Its advanced soundproof enclosure ensures noise levels are kept to a minimum, making it an ideal power solution for noise-sensitive environments. The integrated water-cooling system maintains optimal engine temperatures, which enhances overall efficiency and significantly extends the operational lifespan of the unit.

Technical Specifications

Rated Power Output

8.5 kW

Power Output

Operating Noise Level

69 dB

Cooling System

Water Cooled

Features

Key Features

Soundproof Enclosure, Water Cooled, Heavy Duty Construction, Silent Operation
