

8x4 Heavy-Duty Cargo Truck

This heavy-duty cargo truck features an 8x4 configuration for enhanced stability and load distribution. Equipped with a 250KW turbocharged diesel engine, it is designed for demanding transport applications.

Overview

Heavy-Duty 8x4 Cargo Solution

This 8x4 heavy-duty cargo truck is engineered for demanding transport applications, featuring a robust chassis and a powerful turbocharged, intercooled diesel engine. Designed for performance in challenging operating conditions, it offers a spacious cabin with hydraulic shock-absorbing seating and sleeping berths for driver comfort. With a significant payload capacity and reliable braking systems, this vehicle is built for efficiency, durability, and long-haul reliability.
