

9-Band Portable Radio Receiver

This portable radio receiver features 9 bands. It includes FM, MW, and SW1-SW7 bands and operates on AA batteries.

Overview

Portable Multi-Band Radio Receiver

This compact, 9-band portable radio receiver offers versatile listening capabilities for professional and personal use. Designed for mobility, it supports FM, MW, and seven distinct shortwave bands (SW1-SW7) to ensure a wide range of broadcast reception. Its lightweight build and battery-powered operation make it an ideal choice for portable applications.
