

9 x 1/4 x 5/8-11 Grinding Wheel

This grinding wheel measures 9 x 1/4 x 5/8-11. It is suitable for grinding, blending, and deburring various metals.

Product Overview

Professional Grade T27 Grinding Wheel

This T27 DC angle grinding wheel is engineered for high-performance material removal on various metals and non-ferrous alloys. It offers a sharp grinding action suitable for tasks like grinding grey cast iron, cleaning switchboards, and chamfering edges. Designed with a focus on safety and cost-efficiency, this wheel provides consistent performance for demanding industrial applications.

Suitable Applications

Metal Grinding, Non-Ferrous Metals, Non-Ferrous Alloys, Concrete, Natural Stone, Grey Cast Iron, Switchboard Cleaning, Edge Chamfering

Performance Metrics

Key Features

High Sharpness • Wear-Resistant • Cost-Effective • Safety-Focused

Abrasive Grade

1 A / WA
