

9.2 KG Twin Tub Washing Machine with Stainless Steel Panel

This 9.2 KG twin tub washing machine features double layers tub and a toughened glass connected cover. It has one water inlet hole with wash/spin water inlet selection and a bubble maker function.

Product Overview

Efficient Twin Tub Laundry Solution

This 9.2KG twin tub washing machine is designed for efficient and convenient laundry operations, featuring separate tubs for washing and spin-drying to allow for simultaneous use. Its compact design makes it an ideal choice for smaller spaces while maintaining the capacity needed to handle family-sized loads. With durable construction and user-friendly controls for wash and spin timing, this machine offers a reliable and easy-to-maintain solution for daily laundry needs.
