

9W/18W/24W LED T8 Tube with Plastic Housing

This LED T8 tube is available in 9W, 18W, and 24W options. It features a durable plastic housing for enhanced safety.

Product Overview

High-Efficiency LED T8 Tubes

These LED T8 tubes feature advanced technology with high lumen output, serving as an excellent, energy-efficient replacement for traditional fluorescent tubes. Designed with a durable plastic housing, they offer non-flickering light and long-term reliability. These tubes are CE compliant and suitable for a wide range of professional environments including offices, hospitals, schools, and industrial plants.

Ideal Applications

Office, Shopping Mall, Supermarket, School, Hospital, Plant

Technical Specifications

Performance Metrics

Model	Wattage	Luminous Flux	Length
L-TB-8014-9W	9W	900lm	600mm
L-TB-8014-18W	18W	1800lm	1200mm
L-TB-8014-24W	24W	2400lm	1500mm

General Specifications

- Input Voltage: 100-240V / 220-240V
- Beam Angle: 150°
- Power Factor: ≥ 0.9
- CRI: 80
- Lifespan: 25,000 hours
- Base Type: G13
- Dimmable: No

Available Color Temperatures

3000K • 4000K • 6500K
