

AA Alkaline Battery - 1.5V, Mercury-Free

This AA alkaline battery provides reliable power for various devices. It features a mercury-free composition and high leakage resistance.

Product Overview

Reliable Power Solution

These 1.5V AA alkaline batteries are engineered to provide consistent and long-lasting energy for a wide range of household electronics and portable devices. Designed with a mercury-free composition, they offer an environmentally conscious power option without compromising on performance. They are ideal for high-drain applications such as toys, remote controls, and other common battery-operated equipment.

Technical Specifications

Chemical Composition

Alkaline • Mercury-Free

Voltage

1.5 V

Battery Size

AA, AM3, LR6

Safety Information

Safety Instructions

- Do not recharge
- May explode or leak if recharged
