

AA Super Heavy Duty 1.5V Battery

This is a super heavy duty AA battery. It has a voltage of 1.5V and is ideal for devices with low to moderate power consumption.

Product Overview

Reliable Power for Everyday Devices

These AA 1.5V Super Heavy Duty batteries are engineered for general-purpose applications, making them an excellent choice for devices with low to moderate power consumption requirements. Designed with safety in mind, the cells are completely mercury and cadmium free. They provide a dependable energy solution for a wide range of household and professional electronics.

Technical Specifications

Voltage

1.5 V

Nominal Voltage

Battery Size

AA (R6P / UM-3)

Compliance & Safety

Environmental Standards

Mercury Free, Cadmium Free

Usage

Ideal Applications

- Low power consumption devices
- Moderate power consumption devices
- General purpose electronics
